Start at the highest price the market will bear to usher in the largest profits, and plan to low cost the e book a variety of occasions throughout the year.

Another strategy is to test out costs by making a variety of duplicate sales pages with different costs on every page. Be sure your gross sales copy is strictly the similar on every page, and consists of your selling-handle sentence. Then determine for every page the conversion ratio between guests to your website and gross sales of your book. This can inform you what your optimum price is.
