The key that unlocks the sales potential of your e book is to find a single sentence that becomes your selling handle. An effective approach for figuring out a value is to send out a survey to your present customers. If these customers have already bought an ebook from you, ask for their opinion by way of price. Do that by creating a gross sales web page for the new guide, but do not embrace a value on that page. As a substitute, add a number of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to check out costs by making a number of duplicate gross sales pages with different costs on every page. Be certain that your gross sales copy is exactly the same on every

page, and includes your promoting-handle sentence. Then work out for every page the conversion ratio between visitors to your website and sales of your book. This may inform you what your optimum price is.

In the end, in the event you've written a book that solves a drawback or presents a new approach, your book will herald both site visitors and profits.
