Do this by creating a sales web page for the new e-book, but don't embrace a price on that page. Instead, add numerous links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other technique is to test out prices by making a number of duplicate gross sales pages with totally different prices on every page. Be certain that your sales copy is strictly the same on each web page, and contains your promoting-handle sentence. Then figure out for each page the conversion ratio between visitors to your web site and gross sales of your book. This can inform you what your optimum value is.

In the end, should you've written a guide that solves a problem or presents a brand new approach, your ebook will usher in each site visitors and profits.
