An efficient method for figuring out a price is to send out a survey to your current customers. If these prospects have already bought an e book from you, ask for their opinion when it comes to price. Do that by making a gross sales web page for the new guide, however don't include a price on that page. Another technique is to check out prices by creating a variety of duplicate gross sales pages with different costs on each page. Ensure that your gross sales copy is precisely the identical on every web page, and consists of your selling-handle sentence. Then work out for every web page the conversion ratio between visitors to your site and sales of your book. This can tell you what your optimum worth is.

In the end, if you've written a book that solves a drawback or presents a brand new approach, your e

book will bring in both traffic and profits. So you'll want to write that promoting-handle sentence that sums up what downside your e-book solves and what the benefits of your 1542 e-book might be to the purchasers who buy it. After which watch your market come to you!
