An effective approach for figuring out a price is to send out a survey to your current customers. If these customers have already purchased an book from you, ask for their opinion when it comes to price. Do that by making a gross sales web page for the new guide, however don't embody a worth on that page. As a substitute, add quite a few links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to check out prices by creating a variety of duplicate gross sales pages with different prices on each page. Be sure your gross sales copy is exactly the identical on every web

page, and consists of your selling-handle sentence. Then work out for every page the conversion ratio between guests to your site and sales of your book. This will tell you what your optimum price is.

Ultimately, if you happen to've written a ebook that solves a drawback or presents a new technique, your guide will bring in both site visitors and profits. So be sure you write that selling-deal with sentence that sums up what downside your guide solves and what the advantages of your 1816 e-book can be to the customers who buy it.
