Instead, add plenty of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to test out prices by making a variety of duplicate gross sales pages with completely different prices on every page. Be sure your sales copy is strictly the same on each web

page, and consists of your selling-handle sentence. Then work out for each page the conversion ratio between guests to your web site and sales of your book. It will inform you what your optimum price is.

Finally, should you've written a e-book that solves a downside or presents a new method, your e book will bring in both visitors and profits.
