One is to present something away without cost with your ebook, comparable to a useful bonus item. Or bundle a number of ebooks beneath one worth, which lowers the price for each e-book in the event that they were sold separately.

An efficient method for figuring out a worth is to ship out a survey to your current customers. If these clients have already bought an ebook from you, ask for their opinion when it comes to price. Do that by making a gross sales page for the new e book, but don't embody a value on that page. As an alternative, add a variety of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other technique is to check out prices by making a number of duplicate gross sales pages with completely different costs on every page. Be certain that your gross sales copy is exactly the similar on every web page, and contains your promoting-deal with sentence. Then figure out for every page the conversion ratio between guests to your web site and gross sales of your book. This can let you know what your optimum price is.

Ultimately, for those who've written a e-book that solves a problem or presents a new method, your e-

book will herald both traffic and profits. So be sure to write that promoting-deal with sentence that sums up what downside your e book solves and what the benefits of your 2034 e book will be to the customers who purchase it. After which watch your market come to you!
