In addition to promoting your books assiduously on-line, there are a number of different methods that may help you promote more books.

One is to offer one thing away free of charge together with your e-book, such as a useful bonus item. Or bundle a number of ebooks under one price, which lowers the worth for each e book in the event that they have been offered separately.

An effective approach for figuring out a price is to ship out a survey to your current customers. If these prospects have already purchased an ebook from you, ask for his or her opinion by way of price. Do that by making a gross sales web page for the new ebook, but don't embrace a price on that page. Instead, add a variety of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to check out prices by creating a number of duplicate sales pages with completely different prices on each page. Be certain that your gross sales copy is exactly the same

on each page, and contains your selling-deal with sentence. Then work out for every page the conversion ratio between visitors to your website and sales of your book. This can let you know what your optimum worth is.

In the end, when you've written a e-book that solves a drawback or presents a brand new approach, your e-book will usher in both traffic and profits. So make sure you write that selling-deal with sentence that sums up what problem your ebook solves and what the advantages of your 2084 e-book will likely be to the shoppers who purchase it.
