An effective approach for figuring out a price is to send out a survey to your present customers. If these prospects have already bought an book from you, ask for his or her opinion by way of price. Do this by making a gross sales web page for the brand new ebook, however don't embrace a value on that page. Instead, add a lot of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to check out prices by making a number of duplicate gross sales pages with different prices on every page. Make sure that your gross sales copy is strictly the identical on every page, and consists of your promoting-deal with sentence. Then determine for each web page the conversion ratio between visitors to your website and sales of your book. This will tell you what your optimum value is.

Ultimately, in the event you've written a book that solves a problem or presents a new method, your book will usher in each traffic and profits.
