promotional material, and each time anybody asks you about your ebook.

One other technique is to check out costs by creating a number of duplicate gross sales pages with different prices on every page. Make sure your sales copy is precisely the similar on every web page, and consists of your promoting-deal with sentence. Then work out for every web page the conversion ratio between guests to your web site and sales of your book. This will inform you what your optimum price is.

In the end, if you've written a guide that solves a drawback or presents a brand new method, your e-book will bring in each traffic and profits.
