sales and promotional materials, and every time anyone asks you about your ebook.

One is to offer something away for free with your book, reminiscent of a beneficial bonus item. Or bundle several ebooks beneath one value, which lowers the value for each e-book if they have been bought separately.

An effective method for figuring out a worth is to send out a survey to your present customers. If these customers have already purchased an e book from you, ask for their opinion when it comes to price. Do this by creating a sales web page for the new ebook, but don't include a worth on that page. One other strategy is to check out prices by making a variety of duplicate gross sales pages with totally different costs on every page. Be sure that your sales copy is exactly the similar on every web page, and consists of your promoting-handle sentence. Then figure out for each page the conversion ratio between guests to your web site and sales of your book. This may tell you what your optimum value is.
