Marketing Methods

The key that unlocks the gross sales potential of your e book is to discover a single sentence that turns into your promoting handle. This sentence states what query or problem your e-book solutions and the benefits your ebook can provide. Then you'll want to use that sentence in every piece of gross sales and promotional material, and every time anyone asks you about your ebook.

Besides selling your books assiduously on-line, there are a number of other strategies that can show you how to sell extra books.

One is to give something away at no cost with your guide, akin to a worthwhile bonus item. Or bundle a number of ebooks beneath one worth, which lowers the value for every e book if they have been bought separately.

An effective method for determining a price is to send out a survey to your current customers. If these customers have already purchased an e book from you, ask for their opinion in terms of price. Do this by creating a gross sales page for the brand new guide, but don't include a value on that page. Instead, add a variety of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to test out prices by creating a number of duplicate sales pages with different costs on each page. Be sure that your sales copy is strictly the identical on each web page, and

includes your promoting-handle sentence. Then work out for every page the conversion ratio between guests to your site and sales of your book. This will let you know what your optimum price is.

Finally, in case you've written a ebook that solves a drawback or presents a new method, your e-book will bring in both traffic and profits. So make sure to write that promoting-handle sentence that sums up what drawback your book solves and what the advantages of your 536 e book will probably be to the purchasers who purchase it. And then watch your market come to you!
