But the fact that unites ebooks and print books is that they are composed of ideas. It's the ideas in these books that have the power to change, or probably rework, people's lives.

What do you suppose an thought is worth when evaluated against the cost of paper and ink?

It is the IDEAS that are precious! That is how you determine the cost of your ebook.

What ought to I charge for my ideas?

Determine in case your objective is to get broad distribution and most exposure. This objective is aimed at drawing clients to what you are promoting or service, or to establishing the credibility of your reputation. If this is your primary objective, you need to goal to keep your price on the low side. Some authors have even priced their ebooks at a profit loss to draw a excessive number of new customers. The bottom line is to discover a price that maximizes your earnings and the number of books you sell.

This is a wonderful pricing technique if you're seeking to purchase lengthy-time period customers. Lengthy-term clients are extraordinarily seemingly to buy from you once more and once more ? so long as the first e-book they buy is of exceptional high quality and beneficial to the customer.

Nevertheless, if your e-book incorporates priceless ? and more importantly NEW data, references, or methods ? then you should intention to price it on the high end.

After you determine your aim, you must figure out what your audience's want is in your ebook. For instance, does your book resolve a selected downside? If it does, and solves it in a manner that hasn't been written about in one hundred different ebooks, you'll be in a position to obtain high

sales at a high price. In case your ebook solves an issue or solutions questions in a brand new and unique way, you need to price your e-book as excessive as you may go. You will obtain bigger earnings this way, however bring in fewer customers. In case your ideas aren't widespread knowledge, or you're presenting a brand new approach, it is possible for you to to sell books at a high price. Just be ready in your competition to undercut you on worth as quickly as they hear about your book.

Keep in mind that the above pricing strategy is temporary. Finally, you'll stop to sell books at this excessive price. So work out upfront how lengthy you plan to offer your ebook at this excessive worth, and when that time is up, change your pricing strategy.

If you want to see large income over buyer draw, purpose for an audience that's on the lookout for straightforward solutions to their issues at a low price. If your e book is aimed toward fixing one explicit problem somewhat than basic advice, then you'll be able to charge more. Start at the highest worth the market will bear to herald the largest income, and plan to discount the ebook a number of occasions throughout the year.

## Marketing Strategies

The key that unlocks the sales potential of your e-book is to find a single sentence that turns into your selling handle. This sentence states what question or downside your book answers and the advantages your e book can provide. Then be sure to use that sentence in each piece of gross sales

and promotional materials, and each time anybody asks you about your ebook.

Besides selling your books assiduously online, there are several other strategies that can allow you to sell more books.

One is to give something away without spending a dime together with your e-book, corresponding to a precious bonus item. Or bundle a number of ebooks underneath one worth, which lowers the price for each e book if they were sold separately.

An effective method for figuring out a value is to ship out a survey to your present customers. If these clients have already purchased an e book from you, ask for his or her opinion in terms of price. Do this by making a sales page for the new e book, but don't embody a value on that page. Instead, add a lot of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to check out costs by making a number of duplicate gross sales pages with completely different costs on every page. Be sure that your sales copy is strictly the same on every page, and contains your selling-deal with sentence. Then figure out for each page the conversion ratio between visitors to your web site and sales of your book. This will tell you what your optimum value is.

Ultimately, if you've written a e-book that solves a drawback or presents a new approach, your e book will usher in each site visitors and profits. So remember to write that promoting-handle sentence that sums up what drawback your book solves and what the advantages of your 575 e-book will likely be to the purchasers who buy it.
