Another technique is to check out costs by creating a variety of duplicate sales pages with different prices on every page. Be certain that your sales copy is precisely the identical on every page, and contains your promoting-handle sentence. Then figure out for every page the conversion ratio between visitors to your website and sales of your book. This may tell you what your optimum worth is.

Ultimately, when you've written a e-book that solves a downside or presents a new technique, your e book will herald both visitors and profits.
