Another strategy is to test out prices by making a variety of duplicate sales pages with completely different costs on each page. Be certain that your gross sales copy is precisely the same on each

page, and contains your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your site and gross sales of your book. This may let you know what your optimum worth is.

In the end, when you've written a guide that solves a downside or presents a brand new approach, your book will herald each visitors and profits.
