Apart from promoting your books assiduously online, there are a number of other strategies that can

provide help to promote more books.

One is to provide something away without spending a dime along with your book, akin to a useful bonus item. Or bundle a number of ebooks beneath one price, which lowers the worth for each book if they were offered separately.

An effective method for determining a value is to send out a survey to your current customers. If these customers have already bought an e-book from you, ask for their opinion when it comes to price. Do this by making a gross sales page for the new book, however don't include a worth on that page. Instead, add numerous links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to test out prices by creating a variety of duplicate gross sales pages with totally different prices on every page. Make sure your sales copy is exactly the similar on every web page, and contains your promoting-deal with sentence. Then determine for every web page the conversion ratio between visitors to your website and sales of your book. It will tell you what your optimum worth is.

Ultimately, should you've written a book that solves a downside or presents a brand new method, your ebook will bring in each site visitors and profits. So you should definitely write that promoting-handle sentence that sums up what downside your book solves and what the advantages of your 68 ebook will likely be to the customers who buy it.
