The key that unlocks the gross sales potential of your book is to find a single sentence that becomes your selling handle. This sentence states what question or problem your book answers and the benefits your e-book can provide. Then remember to use that sentence in each piece of gross sales

and promotional material, and each time anybody asks you about your ebook.

One other technique is to test out prices by making a number of duplicate gross sales pages with different costs on each page. Ensure your gross sales copy is exactly the similar on each web page, and contains your selling-deal with sentence. Then determine for each page the conversion ratio between visitors to your website and sales of your book. This may let you know what your optimum value is.

Finally, if you've written a e book that solves a problem or presents a brand new approach, your e book will bring in both site visitors and profits.
