An effective method for determining a worth is to send out a survey to your current customers. If these clients have already purchased an book from you, ask for their opinion in terms of price. Do that by making a sales page for the new book, but do not include a value on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to test out costs by creating a variety of duplicate gross sales pages with different prices on every page. Make sure your sales copy is strictly the identical on every page, and contains your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your site and gross sales of your book. This will let you know what your optimum worth is.

In the end, in case you've written a e-book that solves a drawback or presents a brand new technique, your ebook will bring in both traffic and profits.
